2014 INTERNATIONAL ANTI-DOPING SEMINAR in ASIA

“Effective Implementation and Application: The 2015 World Anti-Doping Code and the International Standards” 27-28 January 2014

AGENDA

Objectives:

With the support of the Ministry of Education, Culture, Sports, Science and Technology (MEXT) of the Japanese Government, this annual “International Anti-Doping Seminar in Asia” is hosted by the Japan Anti-Doping Agency (JADA) in partnership with the World Anti-Doping Agency (WADA).

It aims to share the expertise and knowledge and increase the competence for the delivery of anti-doping activity in Asia. This year’s theme is on the effective implementation and application of the 2015 World Anti-Doping Code (Code) and the International Standards (ISs). There will be the roundtable group discussions and all the participants would be expected to participate with their high awareness and motivation. It is aimed to inform the Asian colleagues to be prepared for their implementation of the 2015 Code and ISs and deliver the anti-doping programme effectively. We hope to extend our coordinated approach to strengthen our anti-doping programme.

Expected Outcome:

- The NADOs/RADOs are prepared to implement the revised Code and ISs
- The NADOs/RADOs are well-informed on the revised points and their roles and responsibilities and can communicate and inform the 2015 Code and ISs to their stakeholders
- Further collaboration and partnership can be developed among ADOs

Participants:

- Senior officials and the result management members of the Asian NADOs & all five Asian RADOs, as well as the JADA invited participants
- JADA’s affiliated national sport federations, the Japan Sport Council, the Japanese Olympic Committee, the Japan Paralympic Committee, the certified sports pharmacists, The Federation of Pharmaceutical Manufacturers’ Associations of Japan, the media and other members from sport organizations - *only for the afternoon session on 28 January*

Venue: JA Kyosai Building Conference Centre

In partnership with

Day 1 – 27 January 2014: 10:00-17:45

“The revisions of the World Anti-Doping Code and International Standards and their Implementations”

The revised points will be highlighted in the presentations and the increased expectations for the anti-doping community will be discussed. The participants will have the opportunities to raise questions and can prepare for their implementations.
